

Los Angeles Promise Zone

Elder Sanabria

Los Angeles Promise Zone Manager

Office Los Angeles Mayor Eric Garcetti, Office of Economic Opportunity

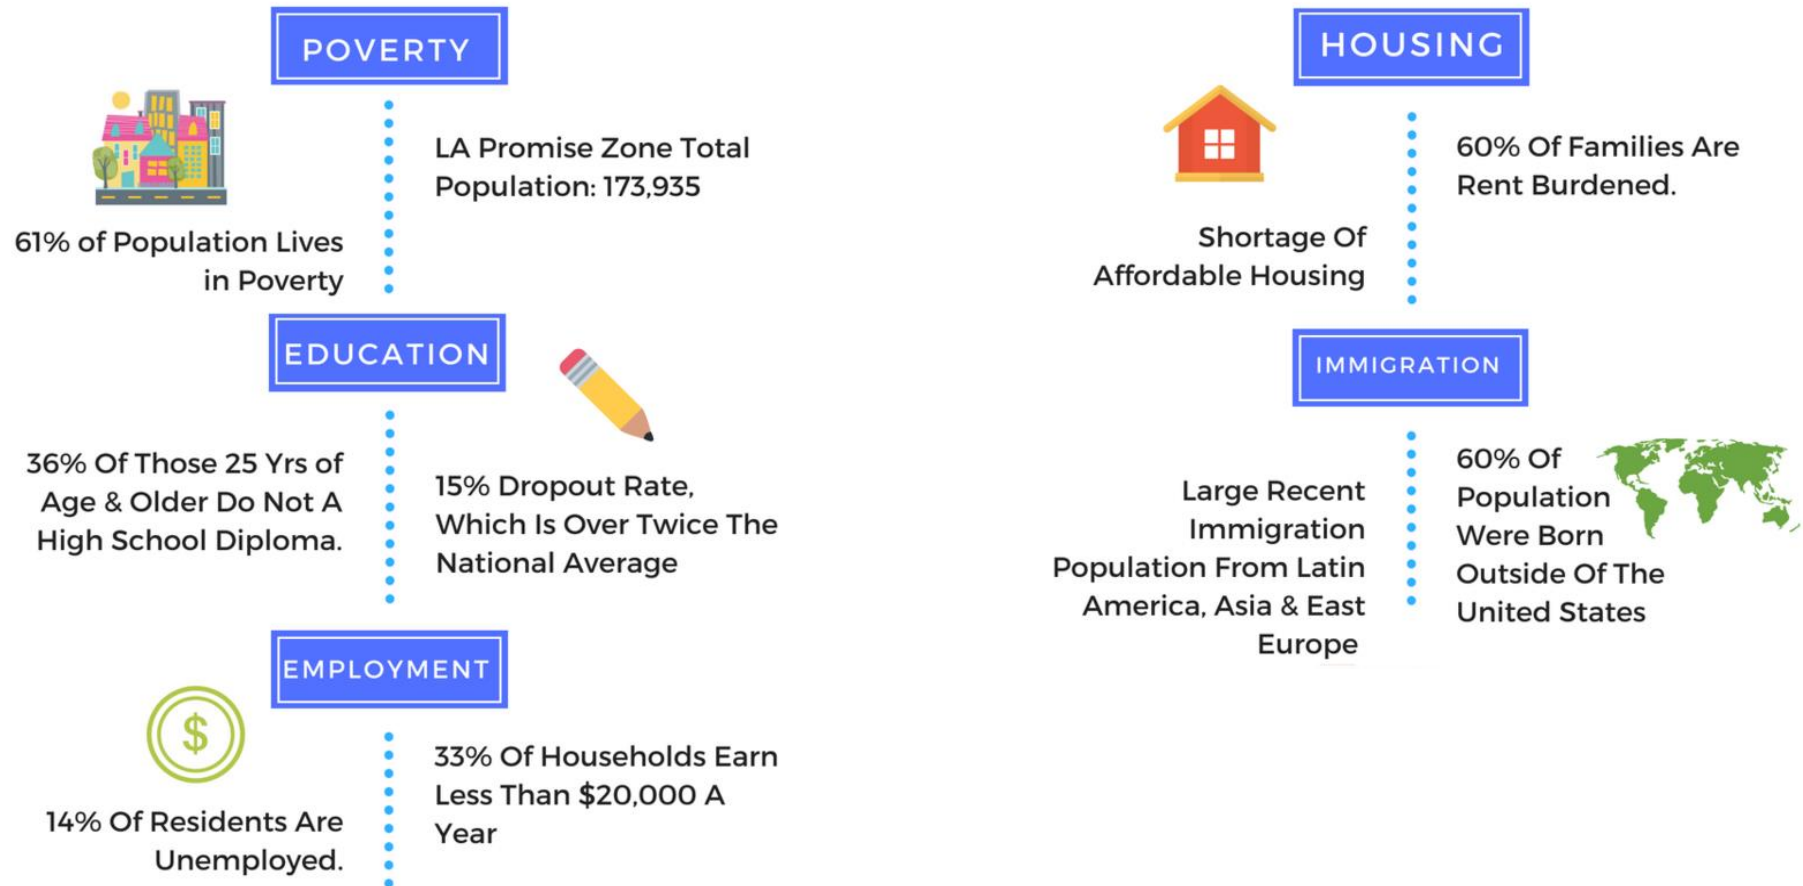

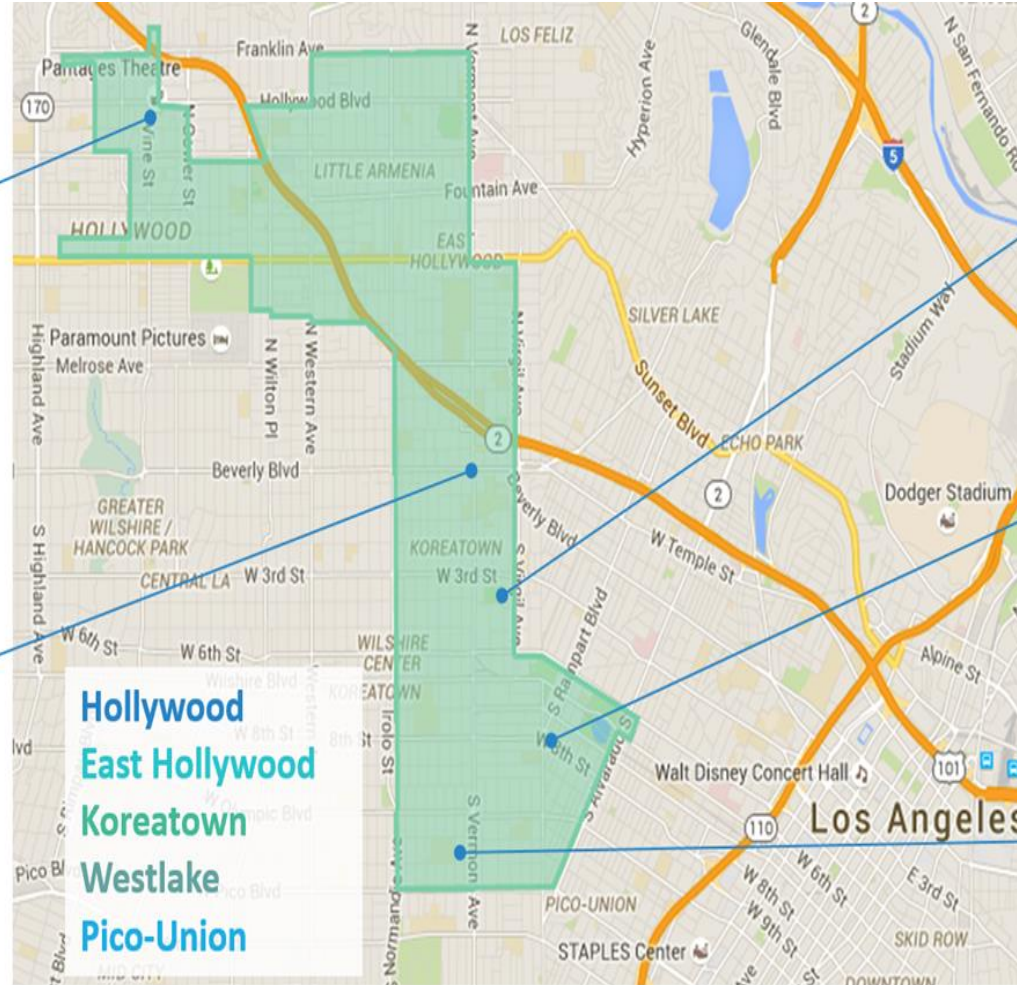

The LA Promise Zone Partnership empowers our culturally diverse communities by aligning our efforts and resources to support family success. Our work recognizes the importance of high performing schools and quality educational programs, public safety, housing affordability and economic opportunity as essential elements of healthy neighborhoods.

THE NEED IN 2014

Targeted Communities

Strategic Plan

Create Economic
Opportunity

We believe that a thriving Economy is one where people have the opportunity and resources to move up the economic ladder.

Improve Educational
Outcomes

We believe that education is a catalytic agent for improving not only a child's future, but a whole neighborhood.

Make Our
Neighborhoods Safe

We envision neighborhoods where everyone feels safe at all times. This vision is possible when we develop community partnerships based on trust and cooperation between safety officials and the public.

Build Equitable, Livable &
Sustainable Communities

We believe that all residents should enjoy livable communities where they have access to affordable housing, diverse transportation options, improved streets and sidewalks, green and public spaces, and community assets and culture.

Los Angeles Promise Zone

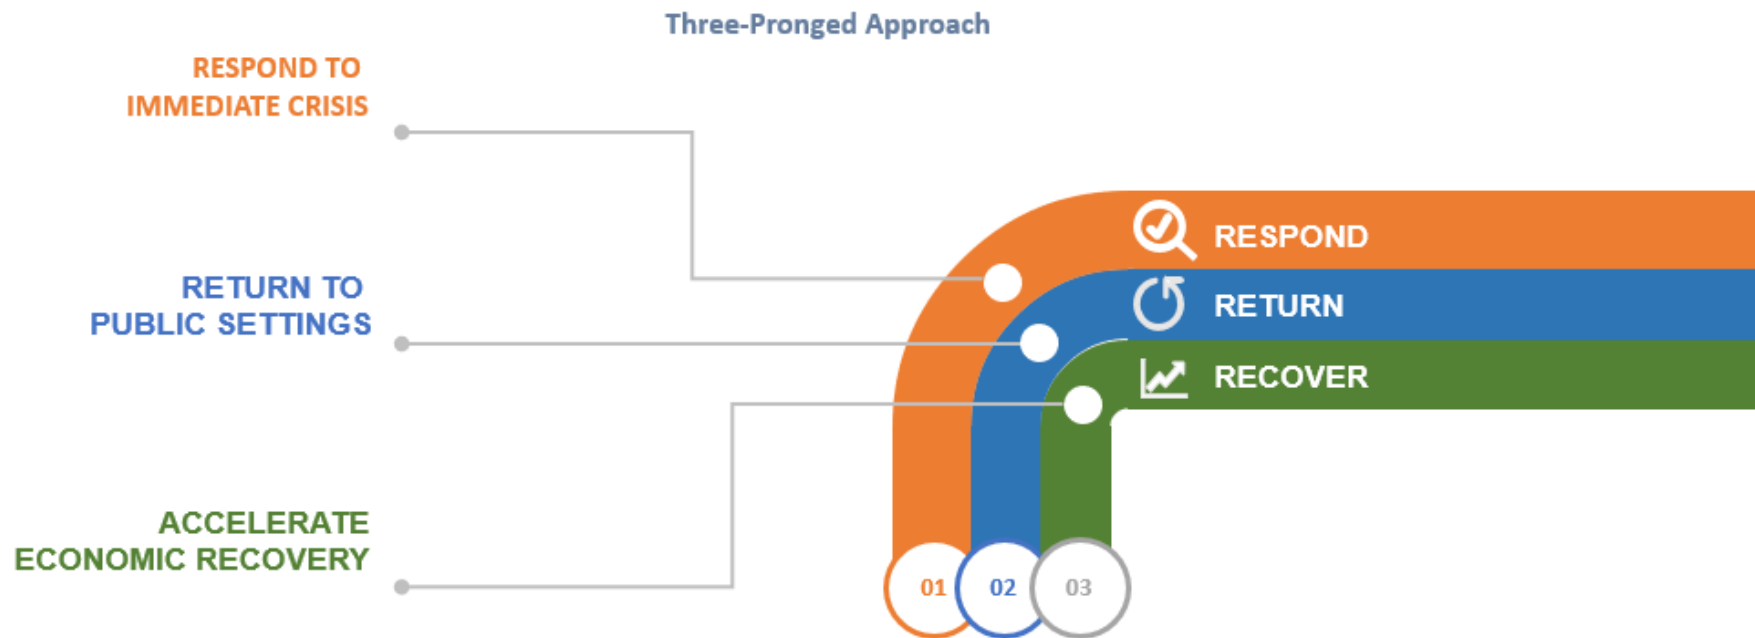

Principle Statement

To advance our vision, the Los Angeles Promise Zone Leadership Council prioritizes guiding Opportunity Zone investment to ensure that incoming capital functions to alleviate poverty, improve quality of life for low-income families in our communities, and promote equitable development without displacement. We prioritize investments within the Los Angeles Promise Zone that:

- 1 Create jobs for community members, with a living wage and opportunities for advancement. We encourage projects to connect community members to workforce development services, particularly those targeted to our most vulnerable community members.
- 2 Preserve and increase the amount of affordable housing. We encourage projects to connect low-income families in the LA Promise Zone to services to ensure they are aware of and equipped to apply for housing in these units.
- 3 Expand locally-owned small businesses. We know that local ownership of businesses creates jobs, cultivates a sense of place, and promotes investment in community institutions such as schools, parks and cultural centers.
