# OZ in the SPZ

**Benefit 1**  
Temporary Deferral of Capital Gains Taxes: Investors will not be taxed on the gains invested in an Opportunity Fund until they exit the fund or December 31, 2026, whichever comes first.

**Benefit 2**  
Step Up in Basis in Years 5 and 7: Investments held for a minimum of 5 years will be taxed at reduced rates – 90% for investments held at least 5 years (10% basis increase) and 85% for investments held at least 7 years (15% basis increase).

**Benefit 3**  
Tax-Free Earnings after Year 10: If you hold an investment for 10 years, gains accrued on your Opportunity Fund investment during that 10-year period will not be taxed. It's a permanent exclusion from taxable income.
