¹ GO-Biz complies with the Americans with Disabilities Act. If an applicant is unable to complete the online application due to a disability, please contact GO-Biz to request a reasonable accommodation.

Note: Each jurisdiction may submit only one application. If a single individual represents more than one jurisdiction (such as a consultant or other authorized representative) and needs to create more than one application, they should use their own personal contact information to create an account. They will then be able to create, edit, submit, and have access to multiple applications.

For security reasons, GO-Biz requires users to enter a unique six-digit access key each time they log into their account. Each time the user wishes to log into their account at www.CannabisEquityGrants.business.ca.gov, they must enter their email address in the “Email” field then click on the “Email Key” button. A six-digit access key will be emailed to the user, which they may copy and paste or type into the required text box. A new access key is needed each time a user logs in. For security reasons, access keys expire after 30 minutes. If the access key expires prior to the user logging into the account, the user must repeat the process and obtain a new access key.

The screenshot shows a web form titled "Log In". Below the title, there is a message: "To log in, you will need a key emailed to you." There is an input field labeled "Email". Below the input field is a button labeled "Email Key". A red arrow points to the "Email Key" button.

Please Note:

Some email servers with aggressive spam/virus protection can delay delivery of the email. If the delay is greater than 30 minutes, the applicant will not be able to log in. There are two possible solutions:

1. The user should ask their employer’s IT team to allow emails from CEG@gobiz.ca.gov to be immediately delivered and/or add this email address to a “trusted” list; or
2. The user may create an account using an alternative email provider (e.g., Gmail, Yahoo, Hotmail, etc.) that does not have the same delivery delays.

If the access code is not received, make sure that the email being used is the same email address that is associated with the account profile. Also, check any spam filters and junk folder as the email might have been blocked.

Once the account has been created, the user profile can be edited at any time by clicking on the account name in the top right corner of the application and selecting “Edit My Profile”. Note that changing the email address in the user’s profile will change the email address required for logging in.
