

California Business Investment Services

California Business Investment Services (CalBIS)

California Business Investment Services (CalBIS) provides assistance directly to businesses of any industry. From initial site search to grand opening, CalBIS connects private sector needs to public sector resources.

Site Selection

Companies looking to locate or expand in California can benefit from no-cost, confidential site selection services. CalBIS engages state, local and utility partners to help businesses find the right California location.

Incentive Navigation

CalBIS guide companies through the state's available tax credits, grants, resources, and financing assistance options. From the California Competes Tax Credit to Opportunity Zones, CalBIS is a resource for businesses that want to invest in California.

Permit & Regulatory Assistance

CalBIS guide businesses through complex permitting processes to remain compliant with California regulations. CalBIS also facilitates mediation between businesses seeking permit assistance and relevant state and local authorities.
